Profile

I am a seasoned professional with over a decade of experience in Asia, where I immersed myself in diverse cultures and languages. I have honed my coding skills in Solidity, React, and JavaScript, while also excelling as a captivating public speaker. With expertise in crypto banking, community management, and negotiating B2B contracts in the web3 crypto space, I am ready to join a team and make a significant impact in the ever-evolving tech landscape.

Blockchain Development Certification, July 2022

Experience

Rebel Labs

Co-Founder
Online

July 2023 - Present

I manage Developer Relations, where I oversee contracts, ensure quality assurance, and enhance the Developer Experience (DX). I also play a key role in strategic planning, creating roadmaps and providing leadership to teams. Additionally, I utilize my expertise in backend development, specializing in Solidity, React, and Javascript. Furthermore, I actively contribute to marketing efforts by creating engaging content for both B2B and B2C audiences.

Cult DAO

Community & Developer Relations
Online

Mar 2022 - Jul 2023

I actively engaged in Developer Relations, focusing on B2B interactions and proposal development. Additionally, I fostered Community Relations by organizing and participating in Ask Me Anything (AMAs) sessions and conferences. I also contributed to strategic planning, creating roadmaps and providing leadership to teams. Furthermore, I played a role in marketing efforts by creating engaging content for both B2B and B2C audiences.

Bank of Nowhere

Co-Founder
Online

Oct 2022 - Present

I actively contribute to strategic planning, creating roadmaps and leading teams. Additionally, I utilize my skills in backend development, specializing in Solidity, React, and Javascript. I also organize and participate in community events such as Ask Me Anything (AMAs), conferences, and Telegram (TG) discussions. Furthermore, I contribute to marketing efforts by creating compelling content for both B2B and B2C audiences.

Western Sydney University

Business Comm. Lecturer
Vietnam

Aug 2021 - Jul 2023

I planned and implemented curriculum, ensuring effective teaching and learning experiences. As a team lead, I conducted weekly meetings and facilitated communication among team members. I also delivered lectures and facilitated project-based learning as part of my teaching responsibilities. Additionally, I played a role in planning community events to foster engagement and collaboration.

Aiza World

Partnership Manager
Vietnam

Feb 2022 - Dec 2022

I actively managed social media platforms, organized Ask Me Anything (AMAs), and created engaging blog posts. Additionally, I utilized my skills in design, specializing in Metaverse and game design. As a founding member of the Aiza World team, I played a leadership role, contributing to the overall success and growth of the organization.

Shandong Technology and Business University

Curriculum Developer & Lecturer
China

Sep 2016 - Sep 2019

I was responsible for various tasks related to content development and technology integration in the classroom. I developed syllabi, lesson plans, and curriculum to ensure effective teaching and learning experiences. I also utilized educational technology tools such as Kahoot, Moodle, and WeVideo to enhance student engagement and facilitate interactive learning. Additionally, I taught subjects such as Public Speaking, Cultural Awareness, and IELTS, providing students with valuable skills and knowledge in these areas.

DYB Choisun

R&D Project Manager
South Korea

Aug 2015 - Aug 2016

I had the opportunity to teach students from kindergarten through 12th grade. I incorporated various educational theories and methodologies into my teaching practices, including Bloom's Taxonomy, Flipped Classroom, Game-based Learning, and Jigsaw. As a leader, I conducted meetings with the R&D team and effectively managed production schedules by itemizing production dates.
